

# THE **LEADER** IN INDUSTRIAL INSULATION, FIREPROOFING, FIRESTOPPING, ABATEMENT & SCAFFOLDING IN **BRITISH COLUMBIA**

Wrapex offers high quality industrial insulation, fireproofing, firestopping, scaffolding, and acoustic & thermal marine services to clients in the Energy, Petro Chemical, Pulp and Paper, Production Plants, Marine Industry, Tank Farms, LNG Plants and institutional sectors throughout British Columbia.

Wrapex is a strong independent company that continues to provide the highest customer satisfaction through continued improvement of our processes, technology and equipment that reduce costs and improve quality and safety to customers.

- A Skilled workforce trained and confident that excels in any work environment.
- A Safety program that exceeds industry and client requirements.
- Quality process that exceed our competitors and customers standards.

# INDUSTRIAL INSULATION

Wrapex provides industrial insulation services for new construction projects, maintenance and turnarounds / shutdowns for the following sectors:

- Module Yards
- Petro Chemical Plants
- Pulp & Paper Mills
- LNG Facilities
- Marine
- Production Plants
- Industrial Sites
- Pipelines
- Conventional Oil & Gas Sites
- Institutional

## Insulation Services:

- Aerogel Insulation
- Corrosion under Insulation
- Cryogenic Insulation
- Glycol Heat Tracing
- Abatement
- Cladding
- Pre Engineered Buildings
- Hot / Cold Protection
- Inspection / Integrity Services
- Installations on Piping, Boilers / Ducting & Equipment
- Soundproofing
- Insulation Blankets
- Storage Tank and Vessels
- Utilidor

# SCAFFOLDING

Wrapex provides scaffolding and access solutions for new construction, maintenance and turnaround projects within British Columbia. Utilizing multiple scaffolding systems and the latest software, Wrapex ensures that the right equipment is readily available to meet the requirements of our clients' projects at a reduced cost.

## Scaffolding Capabilities Include:

- System, Frame, Shoring and Tube & Clamp Scaffolding
- Heating and Hoarding
- Scaffold Inspectors
- Custom Manufacturing to your Specifications
- Temporary Roof System
- Pedestrian Fencing / Walkways
- Garbage Chutes
- Hoists
- Roof guard / Edge Protection Systems
- Safety Net Protection for Personnel and Debris
- Aluminum or System Access Towers
- Safety Decking Fall Protection
- Shrink Wrapping

# SHRINK WRAPPING

Wrapex designs and installs shrink wrap containments to winterize your construction site and help keep you on schedule. Shrink wrapping a building or shrink wrapping scaffolding gives you the drum tight containment you need. This saves you money on heating and creates a continuous working environment. Don't let the weather delay your project.

## Shrink Wrapping Applications Include:

- Shrink wrapping scaffolding to provide weather protection or environmental containment.
- Creating temporary interior partitions
- Encapsulating RC frame buildings without scaffolding to create temporary external cladding or building screens.
- Shrink wrapping modular buildings and offsite elements to protect for transportation or preservation of the construction site.
- Shrink wrapping temporary hoardings.

# FIRE PROTECTION

*Safety, Quality and Protection of your Assets*

Fire Protection is a major investment made for the future safety, quality and protection for facilities, plants, buildings and of course people. There are very demanding regulations entering these services increasing the costs of fire protection measures in buildings, facilities and plants. Wrapex however has developed a very positive and safe solution for these regulations to provide superior fire proofing at a lower cost.

For Wrapex it is securing the safety and quality of the facilities but also the safety of all the personnel in or near the facilities.

## Fireproofing Services:

- Cementitious
- Concrete
- Shotcrete / Guniting
- Intumescent

## Industries:

- Airports
- Marine
- Hospitals
- Schools
- Apartment Buildings
- Oil and Gas Facilities
- LNG Plants

## Fire Stopping Services:

- Fire Rated / Ceramic / Minwool Fibre
- Wall & Floor Penetrations

# ACOUSTIC & THERMAL MARINE

*Quiet and Comfortable operations that will meet
